# Discover new ways to relax

Tranquil Parks are whole parks for grown ups, not just areas of busy family parks.

And while every Tranquil Park is independent, with its own distinctive character and charm, all our parks have these three things in common:

- Over 18s only
- Excellent locations
- The highest standards and top awards

Tranquil Parks provide pitches for motorhomes, caravans, tents and campervans. Many of our parks also have accommodation from holiday homes and beautiful lodges to static caravans and glamping options (see centre pages).

## **Independently assessed**

The Tranquil Parks logo means the strictest standards are met. Our parks have all received top ratings from national tourism inspection schemes. We're proud to say that national and regional award winners are among our members.

This recognition comes down to the commitment and dedication of the owners and managers of our parks and the thoughtful touches that make your stay extra special.

## **Low season breaks**

Around half of our parks offer a long season and others are open all year round. And, of course, there are great bargains to be had in low season at some parks.

We think you'll agree that there's a Tranquil Park to satisfy the most discerning caravanner, camper or glamper. With so many great locations to choose from, the only question is...

## **Which Tranquil Park will you choose?**

# What's new for 2019?

## New Tranquil Parks

We're very pleased to feature three new parks in our 2019 brochure:

**Charoland Farm**  
near Blackpool  
in Lancashire  
(page 8)

**Grooby's Pit  
Caravan Park**  
near Skegness in  
Lincolnshire  
(page 11)

**Run Cottage**  
near Woodbridge  
in Suffolk  
(page 20)

There are more accommodation options than ever before (see centre pages) with pristine static caravans, stunning glamping lodges and cabins, and picturesque pods and shepherd huts, as well as luxury under canvas with yurts and bell tents.

We're also including our members' social media icons in this year's brochure, so you can follow your favourite parks online and keep up to date with their news and offers.

If you'd like to follow Tranquil Parks on social media or join our mailing list, details are on page 31.

Whether you've visited Tranquil Parks before, or if you've just discovered us, we hope to see you soon at one of our exclusively adult touring parks.

## *New accommodation choices exclusively for you*

It's never been easier to experience camping in the great outdoors and still enjoy the comforts of home! With these great accommodation choices, you don't need a caravan, motorhome, campervan or tent to enjoy Tranquil Parks.

From fully equipped lodges, shepherd huts, static caravans and cottages, to cute pods, cabins, bell tents and yurts, you'll find a wide range of stunning accommodation at Tranquil Parks.

You could be overlooking water, fields or hills, or be in a natural site of special scientific interest. And how do you like the sound of your own private hot tub?

## Time for a break

Glamping (glam camping) is perfect for both holidays and short breaks. And it's a great solution for year-round getaways, giving you a warm and cosy place to stay in low season when you can make the most of any bargain tariffs and special offers.

So if it's time to plan a romantic break for just the two of you, check out Tranquil Parks accommodation and glamping. Watch the sun go down from your own private deck, and then wake up to the sounds of nature in a special and peaceful place.

Maybe you have friends and family who 'don't do camping'. With more accommodation on offer than ever before, they can now share your Tranquil Parks breaks with you so you can enjoy time away together.

(Some Tranquil Parks like to reserve accommodation for couples, rather than groups, in keeping with the tranquil ethos.)

### About our accommodation icons

For more luxurious, self-contained accommodation with bathrooms, fitted kitchens and all the comforts of home, look for this symbol. This type of accommodation also includes cottages and large lodges as well as shepherd huts and large glamping pods.

Glamping options, shown by the pod symbol, represent cute pods as well as smaller cabins and wooden lodges, or yurts and bell tents where you'd be using the park's facilities.

# About Tranquil Parks

Tranquil Parks has been helping people to find peaceful getaways in exclusively adult touring parks for almost 20 years.

We're a unique membership organisation for child-free touring parks, which are owned and managed as individual businesses. All our parks are committed to delivering the best customer service to those who appreciate holidaying in an exclusively adult touring park.

## **In the beginning...**

The idea for Tranquil Parks came from Ray Betton of the Bath Chew Valley Caravan Park. The concept of adult-only parks was relatively unknown and Ray suggested that the parks could work together on marketing. This would not only benefit the parks, but also make life easier for people who were looking for a peaceful, child-free haven with 5-star facilities.

In 1999, Ray wrote to highly rated adult-only parks around the country and 7 parks attended the first meeting the

following year. The first brochure was produced and there was a great deal of interest from the press.

## **Exclusively for you**

We now have 39 member parks and we're still growing as more and more people enjoy the benefits of parks that are just for adults. But we're very careful about which parks can join, as we need to maintain the high standards that you, our discerning guests, expect from Tranquil Parks.
